

# 2021 EDITORIAL CALENDAR

Issue	Featured and New Product Coverage	Important Industry Events
<b>January</b>	Antennas, Cable Assemblies, Couplers, Test and Measurement	<b>IEuMW</b> <i>Utrecht, Netherlands, Jan 10 - 15</i> <b>IEEE Radio &amp; Wireless Week Santa Clara, San Diego, Jan 17 - 20</b>
<b>February</b>	Design Tools, Power Amplifiers Filters, Mil-Aero Products	<b>Satellite</b> Washington, DC, March 16 - 18
<b>March</b>	Passive Components- Attenuators, DC Blocks/Bias Tees	<b>WAMICON</b> Clearwater Beach, April TBD <b>DesignCon</b> San Jose, Apr 13 - 15
<b>April</b>	Test & Measurement Tools Cable Assemblies, Integrated Assemblies	<b>IEEE EMC + SIPI</b> <i>Raleigh, NC, May 3 - 7</i>
<b>May</b>	Active Components, Switches, Mixers, Phase Shifters, IMS2020 Show Issue	<b>IMS</b> Atlanta, June 6 - 11
<b>June</b>	Frequency Control Components, Low Loss Cables, Design Tools Update	
<b>July</b>	Passive Components, Isolators, Circulators, Connectors, Antennas	<b>IEEE Autotestcon</b> National Harbor, MD, Aug 30 - Sept 2
<b>August</b>	Defense Electronics EDA, Automated Test, Test Cables, Signal Generators	
<b>September</b>	Millimeter Connectors and Components, Detectors	<b>NAB</b> Las Vegas, Oct 9 - 13 <b>MILCOM</b> , location TBD, October
<b>October</b>	Circuit Materials, Interconnects, Base Station Products, Network Analyzers, Mil-Spec Products	
<b>November</b>	Coaxial Adapters, Low Noise Amplifiers, Modular Test Equipment	<b>AOC International</b> Washington DC, Nov 30
<b>December</b>	Passive Components, Couplers and Power Dividers, Crystal Oscillators, VCOs, YIG Oscillators	<b>IEEE Radio &amp; Wireless Symposium</b> , location TBD, January 2022

Additional technical articles can be published in each issue, covering other topics

**AD CLOSING DATES:** 15th of the prior month (next business day if weekend)

**AD MATERIAL DEADLINE:** 20th of the prior month. Contact your advertising sales representative for extra time or special requirements

**BONUS DISTRIBUTIONS:** Subject to change.

## Editorial Submissions

### Regular Columns

Meetings & Events, In the News, Design Notes, High Frequency Applications

### Press Releases

Press releases for our informational columns should be sent by the first of the month prior to the desired publication date (e.g., April 1 for the May issue). Late-breaking news can be accommodated, but please advise the editors of urgent items by telephone or e-mail.

[tim@highfrequencyelectronics.com](mailto:tim@highfrequencyelectronics.com)

### Article Contributions

We encourage the submission of technical articles, application notes and other editorial contributions. These may be on the topics noted above, or any other subject of current interest. Contact us with article ideas:

[tim@highfrequencyelectronics.com](mailto:tim@highfrequencyelectronics.com)

### How to Contact Us

Send press releases and other communications to our Associate Publisher.
