

2022 EDITORIAL CALENDAR

Editorial Submissions

Regular Columns

Meetings & Events, In the News, Design Notes, High Frequency Applications

Press Releases

Press releases for our informational columns should be sent by the first of the month prior to the desired publication date (e.g., April 1 for the May issue). Latebreaking news can be accommodated, but please advise the editors of urgent items by telephone or e-mail.

Issue	Featured and New Product Coverage	Important Industry Events
January	Antennas, Cable Assemblies, Couplers, Test and Measurement	EuMW London, Feb 13 - 18
February	Design Tools, Power Amplifiers Filters, Mil-Aero Products	Satellite Wash, DC, Mar 22 – 24
March	Passive Components- Attenuators, DC Blocks/Bias Tees	DesignCon Santa Clara, Apr 5 - 7 WAMICON Clearwater Beach, FL, Apr 27 – 28
April	Test & Measurement Tools Cable Assemblies, Integrated Assemblies	
May	Active Components, Switches, Mixers, Phase Shifters, IMS Show Issue	IMS Denver, June 19 - 24
June	Frequency Control Components, Low Loss Cables, Design Tools Update	
July	Passive Components, Isolators, Circulators, Connectors, Antennas	IEEE Autotestcon Baltimore, Aug 29 - Sept 1 IEEE EMC + SIPI Spokane, Wash, Aug 1 - 5
August	Defense Electronics EDA, Automated Test, Test Cables, Signal Generators	
September	Millimeter Connectors and Components, Detectors	AOC Int'l Wash, DC, Oct 25 - 27
October	Circuit Materials, Interconnects, Base Station Products, Network Analyzers, Mil-Spec Products	
November	Coaxial Adapters, Low Noise Amplifiers, Modular Test Equipment	MILCOM TBD, Dec 2022
December	Passive Components, Couplers and Power Dividers, Crystal Oscillators, VCOs, YIG Oscillators	IEEE Radio & Wireless Las Vegas, Jan 16 – 19

Additional technical articles can be published in each issue, covering other topics AD
CLOSING DATES: 15th of the prior month (next business day if weekend) AD MATERIAL
DEADLINE: 20th of the prior month. Contact your advertising sales representative for
extra time or special requirements
